PROFESSIONAL EXPERIENCE

Bridgeview Eye Partners

Vice President of Marketing

2024 - Present

Developed and led a data-driven marketing strategy across multi-state locations, resulting in increased patient acquisition, enhanced referral networks, and measurable growth in brand visibility and community engagement.

- Spearheaded the development and execution of comprehensive marketing strategies, enhancing BVEP's visibility and patient acquisition across 75+ Midwest and Oklahoma/Nebraska locations.
- Implemented data-driven digital campaigns leveraging SEO, PPC, and targeted advertising to optimize lead generation and patient retention.
- Directed a collaborative rebranding initiative for surgical and LASIK centers, resulting in a 25% increase in patient inquiries.
- Partnered with the operations team to streamline referral processes for optometrists and physicians, strengthening network engagement by 15%.
- Oversaw the integration of advanced analytics tools to monitor ROI and improve marketing efficiency, reducing cost-per-acquisition by 20%.
- Led cross-functional teams in website redesign projects, focusing on mobile-first design and accessibility, boosting traffic and appointment bookings by 30%.
- Championed the Eye on Community program, fostering local partnerships and community involvement to enhance BVEP's brand as a trusted eyecare provider.

Galactic Advisors

Head of Growth & Partner Success

2023 - 2024

Head of Sales & Marketing. Created and built a brand new partner success team, leading to increased partner engagement, retention and revenue growth.

- Tasked with creating product awareness: delivered awareness of new product features to our partners and generated excitement to sell and use our products.
- Project coordination: collaborated with our content and sales teams to implement revenue generating projects and campaigns.
- Relationship Management: Played a key role in managing our customer relationship management platform, tracking client and prospect activity, and helping identify ways to better engage our lists.
- Drove client retention, renewal, growth, and generate brand new program to upsell partners to other product offerings.
- Supported our at-risk partners with proactive communication and enabled them to succeed. Collaborate with development team, design, support, and sales to deliver feedback on improving our product offerings.
- Educated partners on the best ways to sell our products to their clients.
- Sales Team enablement: email testing, review customer testimonials, review funnels to ensure contact accuracy, data entry and marketing material organization, among other tasks. Uphold & serve as an example of our core values.

Bitwage
VP Growth
2021 - 2023

Executive leader that led a team of 8 direct reports and 20 indirect reports to successfully execute strategic marketing initiatives. Through my leadership, we achieved significant increases in lead generation, customer acquisition, and revenue growth.

- Promote product-led growth: Identify and execute on product opportunities for generating new clients and remaining competitive in the fintech & insurtech marketplace. Grew SaaS ARR from scratch to \$25 million in 12 months in US marketplace. Hired, developed and trained our US and International growth teams.
- Lead our channel partner growth strategies: Identify and execute on new channel partner opportunities made available through new APIs.
- Optimize performance of our existing channels: Boost the efficacy of our current channels (including sales, email, social media, SEO, PR, referrals, content marketing, partner co marketing, affiliates) and quickly scale new ones.
- Strategize and implement tactics with current B2B & B2C teams: Manage our B2B & B2C teams, while still being hands on to accomplish growth targets.
- Driven record company revenue with on target KPIs achieved, with primary target market growing over 3100% in 2022 alone.

Bumped
Director of Growth
2019 - 2021

Led strategy and execution for all growth marketing efforts — for both our mobile app and key Enterprise B2B programs.

- Owned the growth funnel from awareness, through user acquisition, to engagement and retention.
- Developed all social media and email marketing campaigns, graphics, email nurturing, website landing pages, etc.
- Refined and expanded the channel strategy across all mediums:
- Managed internal and external sales teams, including handling own book of business / quota.
- Refined and expand the channel strategy across all mediums: SEO, SEM, display, social, content, affiliates.
- Built, tracked and improved key metric dashboards to measure marketing success including A/B testing.
- Sought out, tested,, and scaled new channels - creative and curious about where our users may are, and how we connect with them.
- Provided expertise, guidance, and strategy for scaling key Enterprise solutions (our brand and bank partnerships)
- Empathized with and understood what challenges and motivates consumers, especially when it comes to increasing access to the stock market and managing personal finances.

ESW Capital / Aurea Software
VP Growth
2017 - 2019

Led 25+ person demand generation team, driving leads, revenue and growth for 12+ SaaS products for the ESW Capital/Aurea software companies.

- Developed and executed demand generation programs to drive pipeline and close revenue, leveraging key channels such as paid search and SEO.
- Developed a comprehensive closed-loop marketing program to measure and drive ROI from marketing programs, Optimized and made recommendations to marketing campaigns based on results.
- Optimized the sales funnel - from the click to close and everything in between. Led the development of lead nurturing and marketing automation programs that improved lead conversion rates, close rates and funnel velocity.
- Conducted analyses of campaign performance against KPIs.
- Grew company revenue over 250% while reducing cost per acquisition more than 25%. Collaborated closely with product, sales, content, and executive team to report weekly performance and quarterly KPIs
- Researched and created use case scenarios for new company acquisition and mergers.

Capital One - Shopping Platform

Director of Growth

2017 - 2019

Developed & executed on all paid campaigns, including social, search, & display. Conducted analyses of campaign performance against KPIs.

- Strategically allocated advertising spend across various channels to optimize performance. Achieved over 600% user growth over a period of six months.
- Increased partner revenue growth by over \$10M.
- Collaborated closely w/ product, sales & customer service teams.
- Work closely with other teams and leadership of Capital One.
- Created and executed plan to transition out of agency relationship and bring resources in house.
- Built custom dashboards with SQL, Mode and Google Data Studio.

Solution Studio

Full Funnel Growth Marketing Consultant

2012 - Present

- Full funnel growth marketing consultant to a wide range of clients across the US as well as international. I use my experience and expertise having worked in-house, agency and as a consultant, along with my MBA to advise growth companies across the world.
- Develop marketing technology stacks using a variety of sales and marketing automation tools such as Salesforce, Pardot, Hubspot and more.
- Manage over \$1M+ in digital ad spend. Work with companies with monthly paid digital spend over \$100K/month in medical, DTC and B2B spaces.
- Expert in growth hacking - email marketing, multivariate testing, content marketing, social media marketing, PPC and conversion rate optimization.

FINE, A Brand Agency

VP Growth

2010 - 2012

- Managed the Online Marketing Division of FINE Design Group, a San Francisco based Digital Branding Firm with clients around the world. FINE acquired my previous firm that I co-founded, Big Daylight.
- Worked with many of the best companies in the world and helped establish client online marketing strategy.
- Client included: Symantec, Ste Michelle Wine Estates, Apple, Anchor Brewing, Coppola Companies, Hitachi, Auberge du Soleil, Anchor Brewing, Transamerica and more.

Big Daylight

Co-Founder / Managing Partner

2009 - Present

- Co-Founded Digital Marketing firm with a focus on agency relationships across the country.
- Managed multi-million-dollar online marketing spends for various clients resulting in increased ROI and profit for our clients.
- Office Design and Branding Initiative: Led a cross-functional team in the interior design and branding of new office spaces. Responsibilities included selecting color schemes that align with brand identity, sourcing furniture that enhances productivity and aesthetics, and overseeing the overall design process to ensure it reflects our company's culture and values. This initiative resulted in improved employee satisfaction and a cohesive brand experience for office visitors.
- Big Daylight was acquired by FINE Design Group, a San Francisco based Digital Branding Firm in 2010.

Midmark RTLS

Project Manager/Process Engineer

2007 - 2009

- Project Manager for an RFID/IR (RTLS) medical technology company (Formerly Versus Technology)
- Managed large scale enterprise RFID/IR projects across the country in some of the largest, well known and respected medical institutions.
- Created Creative Clinical Technology Applications. Implemented Virtual Server/Workstation Process and Rollout.

- Project Lead for Cleveland Clinic Implementation at the Glickman Urological & Kidney Institute.
- Led project management team, with daily collaboration with sales, marketing and IT.

Oneupweb

Paid Search SEM Project Manager

2005 - 2007

- Managed Medium to Large PPC (Pay Per Click) campaigns in Google, Yahoo and MSN.
- Project Manager for multiple millions dollar annual paid search spend clients.

Dynamic Edge, Inc.

Enterprise IT/Project Manager

2003 - 2005

- Managed projects for medium to large clients.
- Provided support for Apple OS X server and desktop environments.
- Coordinated software deployment and managed custom software projects.
- Assisted in multi-location conversion from traditional POTS phones to Cisco VoIP. Supported diverse platforms: OS X Server, Windows Enterprise Server & Citrix.

EDUCATION

University of Michigan - BA 2004

Lawrence Technological University - MBA 2010
